

Limewood Psychiatry Terms and Conditions

Limewood Psychiatry Ltd provides private psychiatry assessment, treatment and advice on an outpatient basis.

Prior to an appointment, we require your GPs details, and a summary of each assessment will go to your GP.

Payment

We require payment 48 hours before each appointment. An invoice from Limewood Psychiatry Ltd will be sent to you with BACS details.

Service

Within 14 days of the appointment, we will send you a summary letter with a plan or options for treatment. There may be some things you want to discuss before the letter is sent to your GP. If we do not hear from you requesting changes within seven days, we will forward the letter to your GP.

Prescriptions

Prescriptions are coordinated via your GP. This is for safety reasons due to drug interactions. There are difficulties prescribing ADHD medication on a private prescription. Almost invariably GPs are happy to follow our advice. However, we cannot insist they provide the prescriptions we advise.

Confidentiality

After assessment and follow-up appointments, a letter will be sent to your GP. We may also send a letter to the referring service or services you wish to be referred to. Our service will maintain the confidentiality of information in keeping with GMC guidance.

Some services offer assessment without involving your GP. We do not.

Cancellations

We appreciate you are busy. We will try and be flexible. However, late cancellations (less than 48 hours) may still be charged. Non-attendance without cancellation will always be charged.

Emergency Care

We will try and prioritise appointments as needed. However, we are not a 24-hour service. Please see the emergency links on the website.
